Irish Wind Industry Awards 2024

13 September 2024

Clontarf Castle Hotel, Dublin

From a small wind farm on the coast of Mayo in 1992 our colleagues have built an entirely new industry employing thousands of people, cutting our carbon emissions and making our country more energy secure.

Every year more than 400 guests come together to celebrate those of our industry who represent the very best of who we are – the innovators and the pioneers, those who write our success stories and the architects of Ireland’s clean energy future.

Showcasing your brand at our Awards Night is not just about raising your profile in our industry, it is about being at the heart of a celebration of who we are, of what we have accomplished and, most importantly, what we will achieve.
