Wind Energy Trade Show

New for
2023

11 – 12 October 2023

Sports Campus Ireland, Blanchardstown

We are proud to announce an exciting new event for 2023 which will bring together Ireland's growing domestic supply-chain, the key players in the global wind energy industry and cutting-edge research from Ireland and internationally for the country's first Wind Energy Trade Show.

Already a leader in onshore wind energy Ireland has the project pipeline and the determination to become a force in offshore renewables as well. The 2023 Trade Show will showcase the exciting potential for new entrants into the Irish market and introduce to the world Irish companies that are not just competing here but are ready to compete internationally.

All this against a backdrop of two full days of seminars, workshops and recruitment opportunities.

This is set to be a landmark annual event for Europe's wind energy industry and this is your chance to be a part of it.

Sponsorship Opportunities
